Attorney Docket Number: OFE 1854

Applicants' Attorney thanks Examiner for the telephone interview and discussion on December 22, 2010,

wherein there was discussion of the patentable distinguishability of the present applications currently pending claims and the language therein and how the pending claims are patentably distinguishable over the cited references, alone or in combination with each other,

and wherein an agreement was reached during the Examiner telephone interview, that the cited references, alone or in combination with each other, fail to anticipate or render obvious the claimed invention as in the presently pending claims in the present Application, and, that the Final Rejection is improper and therefore should be withdrawn, and, that the present application and all pending claims are in proper form for allowance and should be allowed and a Notice of Allowance be issued.

No additional fee is presently due.
